

Guide to River Thames boat services

Autumn/Winter 2011/12

Welcome

The Thames is London's original and greatest highway, and in our city's hustle and bustle there is no better way to get from a-to-b, enjoy a relaxing respite, and experience some famous landmarks and little-seen views from a different perspective. This year we have expanded services further, with a new pier now open at St. George Wharf in Vauxhall, providing a fast and direct link into central London. Meanwhile, on the river, state-of-the-art-vessels offer passengers better service and comfort than ever before.

You can experience the river on either a River Tour or a River Bus service:

The River Bus offers a fast and frequent commuter service that can be used with your Oyster card to obtain a fares discount.

The River Tours are a more leisurely affair, usually with a sightseeing commentary and ideal for spotting some of London's hidden gems.

This guide will help you choose the right service and ensure you get the most out of travelling by boat.
